**Our operations are supported by a global supply chain for goods and services. This supply chain includes suppliers of raw, direct and indirect materials, and skilled labour and other services required for our operations.**

**We are committed to ensuring that there is no modern slavery or human trafficking in our supply chains or in any part of our business.**

**Our Corporate Anti-slavery and Human Trafficking Policy, our recently introduced Conduct Guidelines for Business Partners and our Code of Business Ethics and Conduct reflect our commitment to act ethically and with integrity in all our business relationships and to implement and enforce effective systems and controls to ensure slavery and human trafficking is not taking place anywhere in our supply chains. They are available on our intranet and are accessible by and applicable to all Group employees, officers and directors.**

**A confidential reporting helpline is available to Group employees 24 hours a day, 7 days a week. Employees are directed to immediately report any information from any source that alleges a violation of our policies on slavery and human trafficking. We also operate a Whistleblowing Policy so that all employees know that they can raise concerns about how colleagues are being treated, or practices within our business or supply chain, without fear of reprisals.**
